From April 27 to May 16, 2002, fans across the globe will come to New York City and wait in line for the new "Star Wars" movie. In this age of advanced ticketing, lines are more of a symbolic gesture than a necessity. NYLine members have decided to give this fan action meaning by using it to benefit the Starlight Children's Foundation. You can help too!

The Starlight Children's Foundation is an international nonprofit organization dedicated to brightening the lives of critically, chronically and terminally ill children. In addition to its wish granting program, Starlight hosts hospital parties, and its Kids Activity Network sends sick children to the circus, sporting events and the theater. With help from generous people like you, NYLine raised more than \$15,000 for Starlight when "Star Wars Episode I: The Phantom Menace" was released in 1999.

This year, our variation on the walkathon, the "NYLine-A-Thon," will directly benefit Starlight's Fun Center program. Fun Centers are entertainment units consisting of a television, a VCR and a Nintendo 64 game console, all built into an adjustable purple cart that rolls up to a child's hospital bed. Hospitals are requesting the \$3,100 units far more quickly than Starlight can supply them. It is our goal to raise enough money to purchase at least five Fun Centers for New York City area hospitals. **We thank you for your generous contribution!**
